

+ services

By contacting your manager, you can take advantage of the following services:

- Allow access to the residence for your relatives or service providers (nurse, personal assistance service, tradesman, etc.) using a temporary or permanent code. You can also choose the access dates and times you wish to authorise.
- Whether or not to display your name on the intercom at set times so that you are not disturbed. Ask for a call code to be set up.

+ savings

No wiring, no handset, you reduce the cost of installation for rapid commissioning.

Your manager manages everything remotely and in real time:

- name change, code request, badge modification, deletion, etc...

+ eco-friendly

You are helping to reduce waste:

- less plastic and electronic components
- kilometres of copper cables avoided
- less travel with remote updating

+ accessibility

Intratone equipment helps elderly and people with reduced mobility to remain at home.

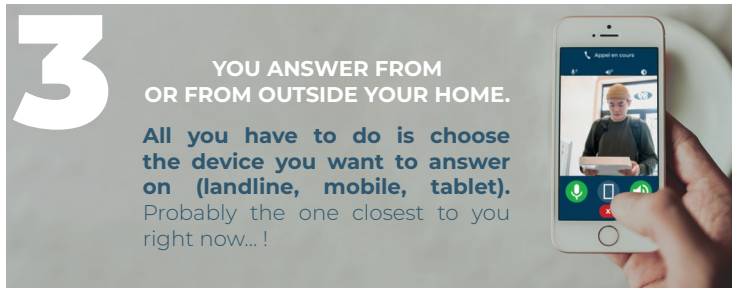

Adapted to each user:

- mobile phones and tablets for the most connected
- wired or wireless landline telephone for other users

+ Easy to install and non-intrusive

No handset installed in your home.

HOW TO RECEIVE A CALL WITH SOLUTION intratone?

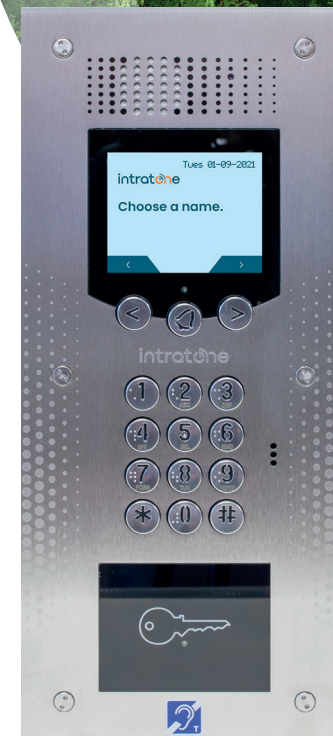

+ If your manager has subscribed to the video option, you can view your visitor on your devices (mobile, tablet) by downloading the free app*

*Download the free application « My intercom intratone » to receive video calls on all your devices.
